Dominican Hospital and the Monterey Bay Psychological Association (MBPA) co-facilitate a **Collaborative Consultation Group (CCG)** for the **Members of the MBPA** and **local Psychiatrists** in our community. The CCG was established in 2003 and meets every other month on the fourth Monday of the month to discuss and explore professional, legal/ethical, and clinical topics facing clinicians.

Together, participants in this on-going Collaborative Consultation Group will continue to co-create a mutual space for open dialogue and exploration. Each member of the CCG has the opportunity to contribute as well as learn from each others perspectives, experiences, and paradigms. Each participant can be seen as both a teacher as well as a learner.

Come join us for this empowering and growth promoting experience through:

- **Collaborating on difficult cases**
- **Integrating a holistic approach**
- **Decreasing isolation**
- **Sharing alternative perspectives**
